THE PROGRAM

The morning session is aimed at those who may come in contact with dogs during their work; but are not generally required to directly handle dogs. It also provides a lead-in to the afternoon session. It is conducted over three hours and will address:

- Identifying and interpreting canine body language
- Avoiding an attack by a dog
- What to do in the case of a dog attack

The second session in the afternoon is aimed at those that maybe required to interact directly with dogs during the performance of their duties. It is conducted over two and a half hours and will cover:

- Assessing personal protection and safety equipment needs
- Appropriate use of personal protection and safety equipment
- Transporting dogs
- Other WH&S issues when handling dogs
- Appropriate attire for working with dogs
- Breed identification
- General safe handling practices

**Volunteer
to experience
a bite!**
